Congregate Nutrition Program Narrative
Older Americans Act Title III C-1

Program / Element / Component – 10.10

Description

The Congregate Nutrition Program serves meals in a group (congregate) setting to individuals aged 60 or older. Sites also provide nutrition education, nutrition risk screening and nutrition counseling in some areas. The Program targets older individuals with the greatest economic or social need, with particular attention to low-income, minority older individuals, and older individuals living in rural areas. The Program encourages the use of volunteers and gives all participants the opportunity to contribute to the cost of the meal. Meals incorporate the Dietary Guidelines for Americans and provide a minimum of one-third of the Dietary Reference Intakes.

Benefits

The purpose of the Program is to improve participants' dietary intakes and to offer opportunities to socialize, form new friendships, and create informal support networks. Since adequate nutrition is critical to health, functioning, and the quality of life, the Program is an important component of home- and community-based services for older people.

Eligibility
